We are glad you’ve decided to join us on a multi-day rafting and fishing adventure. This suggested packing list serves to inform you of clothing and gear that is appropriate to bring along on your trip. We will break down which gear is provided for you, and which clothing and gear is your responsibility to bring. As with all of our provided gear, if you have your own which you would like to use, for example a sleeping bag, you are more than welcomed to bring it.

Montana is a beautiful place to be in the summer. It is important to remember however, that in the mountains, weather can be unpredictable. When packing for your trip, keep in mind that temperatures can vary from 30 to 90 degrees Fahrenheit. The best way to prepare for these temperature swings is to pack layers. We want to make sure you have the right gear to keep you comfortable so you can enjoy your backcountry Montana experience.

**Glacier Raft Company Provides:**

- Transportation from our office to the river
- Meals – from lunch the first day through lunch the last day
- Waterproof bags for your personal gear (one large dry bag per person which is not accessible during the day and one small bag per boat which will be accessible during the day)
- Tents, sleeping bags and sleeping pads (feel free to bring your own sleeping bag or pad)
- River equipment including rafts and accessories
- Coast Guard approved type V life jacket
- Wetsuits if required

**Glacier Anglers Provides:**

- The entire list of what Glacier Raft Company provides
- Fly Rods (9’ 4-5 wt. 4 pc fly rods)
- Flies (Western trout patterns like Royal Wulff, Caddis, Stoneflies, Humpies & Hoppers sizes 12-16)
